McGregor Expands Professional Horticultural Brokers Program

Carlsbad, CA—Professional growers looking for responsive, reliable horticultural brokering services will find McGregor Plant Sales offers local horticultural sales professionals, who are available for site visits across North America and Canada to help them grow and expand their businesses.

MPS recently expanded its professional horticultural broker program as part of its commitment to provide ever-increasing responsiveness and reliability for its customers. The company's goal is to provide customers with prompt access to field representatives in every state or province in the US and Canada.

MPS has hired additional sales staff to support its expanded brokering program. Leading the program is new National Sales Manager Doug McQueen, who is responsible for its implementation in the US and Canada.

Phil Easton has been appointed as the company's broker responsible for sales in the Mid-Atlantic Region of the USA, including New Jersey, Eastern Pennsylvania, New York, Virginia, Maryland, Delaware, and Washington DC. He can be contacted at (916)-212-1521 or by email at phil@mcgregorps.com.

Randall Hare is McGregor's new broker responsible for sales in the Pacific Northwest, including Oregon, Washington and British Columbia. He can be contacted at (503)-803-7607 or by email at randy@mcgregorps.com.

Jim Herciuk has been named the new McGregor Field Advisor responsible for Central and Eastern Canada, including Alberta, Manitoba, Saskatchewan, Ontario, Quebec and Nova Scotia. He can be contacted at (615)-826-6949 or by email at jimmy@mcgregorps.com.

McGregor Plant Sales

Professional greenhouse growers and wholesale nurseries throughout the USA and Canada have come to recognize McGregor Plant Sales, Inc., as one of the industry's most reliable sources of un-rooted cuttings and other plant starter stock. The company's responsive 24-hour order confirmation, innovative Pre-ship Advisor Program, 97% order fill rate, 98% on-time delivery record and less than 1% credit return rate helps growers large and small to reduce their risks and costs, while simultaneously expanding sales and profits.
