

McGregor Plant Sales; Newest Member to Suntory Family

Suntory, Jackson & Perkins Wholesale, Florexpox and McGregor Plant Sales Sign Production and Distribution Agreement for North America

CARLSBAD, CA – North American Master Licensor, Jackson & Perkins Wholesale named Florexpox and McGregor Plant Sales Inc. as producer, distributors for the North American Market of **Suntory** genetics in unrooted cuttings.

"The combination of Florexpox's reliability and McGregor's ease of distribution creates a new supply option that many licensees have been asking for." reports Charlie Anderson of Jackson and Perkins. "We listened and we responded to specific requests for this."

Florexpox will be producing the complete line of **Suntory** Genetics for the 2007/2008 season. This line will include items specific to licensees and there will be a new range of items which will be open to all flowering growers in the US and Canada.

*"The addition of **Suntory** genetics to Florexpox's product line brings forward incredible garden performers positioned for the independent garden center. Our job will be to make it easy for licensees and flowering growers to obtain cuttings reliably." reports Doug McQueen, V.P. McGregor Plant Sales.*

McGregor operates unique ordering systems consisting of smart search parameters to live availability on over 800 varieties. Secured orders are acknowledged instantly and can be easily edited around the clock. Clients save time and money with automated freight pack out controls. Online order inquiry and downloadable order reports ensure clients know exactly what is coming and where shipments are via integrated Fedex tracking. McGregor Field Representatives and Customer Service Reps professionally provide fast, friendly, knowledgeable service. McGregor Plant Sales is an international plant broker specializing in early plant starts of annuals, perennials, herbs, woody ornamentals, grasses, foliage and groundcovers.

Florexpox is a world class producer of unrooted cuttings specializing in annuals, perennials, herbs, grasses and groundcover varieties. Florexpox employs over 800 full time, year round staff in Cartago, Costa Rica. Production is set with ultra clean protocols on raised metal benches, fully screened greenhouses, double door, positive pressure entry, foot baths and hand sanitizing stations. All varieties are virus indexed for faster, safer bench turns for growers.

As the world's largest rose producer with more than 130 years of expertise, Jackson & Perkins continues to lead the industry with innovative, award-winning new roses designed for all types of gardens. Jackson & Perkins also offers a complete line of perennials and outdoor living essentials, and is the exclusive North American licensee of **Suntory** bedding plants. The company is based in Medford, Oregon.
